

TradeWinds International, Inc.

KRYSTALSEAL™

Limited Warranty of Performance as a Moisture-Barrier, Penetrating Sealant for Raw Concrete

TradeWinds International, Inc., hereby offers a limited warranty of performance on **KrystalSeal™**, a two-component, EPA & SCAQMD VOC-compliant, high-solids, vapor barrier, deep-penetrating, epoxy sealant, according to the following criteria:

- A. Adherence to conditions and directions, as described in the **KrystalSeal™ Data Sheet**, concerning proper elapsed concrete cure time, proper surface preparation; proper material mixing & application; and observation of proper elapsed material cure time, prior to allowable use conditions.
- B. Adherence to conditions and directions for application of an epoxy-compatible adhesive used to adhere the natural or synthetic flooring material selected, as described by the manufacturer of said adhesive, concerning proper adhesive material mixing & application.
- C. Adherence to conditions and directions for application of the natural or synthetic flooring material used, as described by the manufacturer of said flooring material, concerning proper adhesive material installation.

TradeWinds International, Inc., in accordance with the above cited qualifications and conditions, hereby warrants **KrystalSeal™** against moisture-barrier failure for a length of time not to exceed 10-years, or the length of warranty offered by the manufacturer of the epoxy-compatible adhesive used, or the length of warranty offered by the manufacturer of the flooring material used. **TradeWinds Intl., Inc.** will not warrant or accept responsibility for underlying concrete slab failure for any reason, including excessive moisture vapor emissions suppressed within the concrete below **KrystalSeal™**. This warranty does not cover conditions caused by structural failure, seismic action, or circumstances beyond the control of **TradeWinds Intl., Inc.**. Liability is limited to the material replacement cost of the concrete sealant, and the material replacement cost of the immediately affected finished flooring materials only, labor excluded.
